Assignment Submission Module 4: AI Tools in Digital

Marketing

Submitted By: Abhijit Das

Module: 4

Assignment: AI Tools – Copy.ai, Microsoft Copilot & Adobe Firefly

Task 1: Social Media Content Generation using Copy.ai

Objective: Create engaging content for a product launch.

Steps Performed:

1. Selected 'Social Media Product Launch' template.

2. Entered product details, tone, and description.

3. Generated multiple versions and reviewed clarity.

Example Output:

“■ Introducing the all-new SmartFit Pro Watch! Your daily partner in fitness, productivity, and style.

Stay ahead with smart tracking, instant alerts, and next-gen technology. #SmartFitPro #LaunchDay

#TechInnovation”

Task 2: Creating a Professional Presentation using Microsoft Copilot

Objective: Design a clean and professional marketing presentation.

Steps Performed:

1. Opened PowerPoint and activated Copilot.

2. Provided instructions for slide titles, bullet points, and visuals.

3. Generated slides for: - Product Overview - Target Audience - Marketing Strategy - Visual

Concepts

4. Reviewed and finalized slide layout.

Task 3: Visual Creativity using Adobe Firefly

Objective: Generate a high-quality marketing poster.

Steps Performed:

1. Opened Adobe Firefly Image Generator.

2. Used prompt: “Create a futuristic tech-style product poster featuring a smartwatch with neon

lighting and glowing UI.”

3. Generated multiple designs.

4. Selected best-quality visual and

reviewed clarity.

Conclusion:

This assignment demonstrates how modern AI tools enhance productivity: • Copy.ai improves

content writing. • Microsoft Copilot simplifies presentation design. • Adobe Firefly boosts creative

visual generation. AI tools significantly reduce workload and increase marketing quality.
